Use or rely on this information at your own risk. Independent professional financial advice should always be sought before making an investment decision. Past performance is not necessarily a guide to future performance. Independent Financial advice, should be sought as not all investments are suitable for all investors. Collective Investment Schemes (CIS) are generally medium to long term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. Fluctuations or movements in exchange rates may cause the value of underlying investments to go up or down. Forward pricing is used. The Manager does not provide guarantee either with respect to the capital or the return of a portfolio. The fund price is calculated on a net asset value basis, which is the total value of all assets in the portfolio including any income and expense accruals. Trail commission and incentives may be paid and are for the account of the manager.

Performance figures quoted are from Sanlam International Investments Limited and are shown net of fees. Performance figures for periods longer than 12 months are annualized. Sanlam Asset Management is a registered business name of Sanlam Asset Management (Ireland) Limited. International investments or investments in foreign securities could be accompanied by additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information. The Manager has the right to close any Portfolios to new investors to manage them more efficiently in accordance with their mandates. Collective investment schemes are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees and charges and maximum commissions is available on request from the manager. Total investment charges is a measure of the total value of portfolio incurred as costs relating to the investment of the portfolio or CIS.

The Total Expense Ratio (TER) is the total cost associated with managing and operating an investment administration, financial planning and servicing fees. These costs consist primarily of management fees and additional expenses such as trading fees, legal fees, auditor fees and other operational expenses. The total cost of the fund is divided by the fund's total assets under management to arrive at a percentage amount, which represents the TER. The TER does not include transaction costs. Transaction Costs are a necessary cost in administering the Financial Product and impacts Financial Product returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Financial Product, the investment decision of the investment manager and the TER. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TERs. Calculations are based on actual data where possible and best estimates where actual data is not available. TERs are released annually after the release of the fund's annual results. Geographic Asset Allocation Exposure and Top 10 Holdings information are sourced from Bridge Fund Managers Pty Ltd. NOTE: The Manager is in the process of aligning the TER calculation method with the ASISA Standard. The effective annual cost (EAC) is a measure which allows you to compare the cost that you can expect to incur when you invest in different financial products. Clients can contact our Client Services centre on 0800 117 842 or email investments@bridgefm.co.za to request an EAC statement.
